

# Management und Open Source – zwei Welten?

Thomas Gleixner

25.3.2011 - Linux-Infotag Augsburg

## Aus dem akademischen Blickwinkel

*Open-source development violates almost all known management theories.*

Marietta Baba, Dean of the College of Social Science, Michigan State University

Also sprach ...

*Linux is evolution, not intelligent design!*

Linus Torvalds

## Famous last words

*World domination is proceeding according to plan.*

Andrew Morton
